PREFATORY NOTE

The READERS' GUIDE TO PERIODICAL LITERATURE is a cumulative author subject index to periodicals of general interest published in the United States.

The main body of the Index consists of subject and author entries to periodical articles arranged in one alphabet. In addition there is an author listing of citations to book reviews following the main body of the Index.

The Committee on Wilson Indexes of the American Library Association's Reference and Adult Services Division advises the publisher on indexing and editorial policy by means of in-depth contents studies conducted at intervals of several years.

Suggestions for additions or deletions of titles should be brought to the attention of the Committee in care of The H. W. Wilson Company.

SUGGESTIONS FOR THE USE OF THE READERS' GUIDE TO PERIODICAL LITERATURE
